

Dear customers,

Our group- China Geological Equipment Group Co., Ltd, Shorted for CGEG in order to integrate enterprise resources, providing better services to our foreign customers, the board of group decided to merge all of the exporting business from subsidiaries to CGE directly from May 1, 2017, the headquarters in Beijing will take the responsibility for the importing & exporting business in the name of CGE from May.

As you know, Wuxi Drilling Tools Factory is one of the subsidiaries of CGE, so it have to stop the exporting business from now on. However my honor to be transferred to a new position as regional sales manager in CGE to take care of your business as same as before. Hope you could give me supports and trusts as what you did for me in the previous time, thanks a lot.
